\$2.50 PER YEAR, 10c. PER COPY

## "Leans" Beat The "Fats", Petersburg Beats Wrangell

Base ball fans of Wrangell certainly had their inning last Sunday afternoon in the shape of a double header base ball game. The first game being between the famous teams "leans" and "fats" and resulted in a score of 17 to 3 in favor of the leans. Although the score looks bad for the fats it is no indication of the merit of the game, for something near professional ball was played, especially some of the base running of the heavier members of the team. But all joking aside the game was a good one and well worth going to see, and besides making good wholesome exercise for the participants it furnished the spectators with some very thrilling and comical situations. It goes without saying that the next game of this kind scheduled everyone is going to turn out and see the fun.

The line up of the game was:

"Fats"	Runs
Harry Wallace, pitcher	0
Wm. Reade, catcher	0
Chas. Kallensbee, 2nd. b.	1
C. M. Coulter, 1st. b.	0
O. Palmer, short	0
Dave Wing, 3rd. b.	0
A. Varet, l. f.	0
J. G. Grant, r. f.	0
C. Benjamin, c. f.	1
"Leans"	Runs
N. Lemieux, catcher	3
I. Kalkbrenner, l. f.	3

H. Gartley, pitcher	-	3
L. Jernigan, short	-	2
R. Brown, r. f.	-	1
L. Horgheim, 1st. b.	-	1
Paul Stanhope, 2nd. b.	-	1
B. Y. Grant, 3rd. b.	-	1
Leo McCormack, c. f.	-	2

Immediately after this game the Wrangell boys played the team from Petersburg which resulted in a score of 13 to 8 for the visiting team. Leo McCormack pitched the first two innings and "Butch" Graham finished for the home boys and "Dickie" Hanson held the home plate, and for the visitors, Loken and Sam Gauffin composed the battery. The game was a good one and much of the honor of winning can be laid to the fact that several of the home boys failed to show up for the game on account of having a work and being out of town, but the substitutes showed they were fast learning the game and we can count on it that the next game Wrangell plays the score is going to be the other way. The runs of the game were made by: Downie 3, F. Lewis 2, L. Myers 1, A. Hansen 2; Petersburg scores by Stoff 3, Gauffin 4, Purinton 2, Elsmore 1, F. Preushoff 1, Loken 2. Both games were very satisfactory umpired by Charlie Lynch.

A good show at the Photoshow tonight.

## Wm. Sulzer Pays Wrangell A Visit

Ex-Governor Wm. Sulzer and wife, of New York, arrived on the "Uncle Dan" yesterday afternoon, on their way south after spending two weeks visiting with Senator Sulzer at Sulzer, Alaska. At the request of Mayor Grant and other prominent citizens Governor Sulzer addressed the citizens of Wrangell at Red Men's Hall that evening. The address we are printing elsewhere and should be read and considered by all. The meeting was called to order by Mr. P. C. McCormack who with a few appropriate remarks introduced the distinguished speaker.

In his speech the Governor made allusions to matters that affect the interests and welfare of the whole of Alaska and her citizens in general. His proposition for the division of the Territory into three parts for legislative and governmental purposes is one that we know meets with the hearty and earnest approval of the entire populace of Southeastern Alaska, and we feel confident that upon careful consideration by the citizens of the two other sections will meet their approval. We believe that each and every member of the two legislatures thus far convened in the Territory are convinced that for the proper enactment of laws that will tend to the greater development of the entire Territory there should be a division, making at least two Territories, with full territorial forms of government, out of Southeastern and Southwestern Alaska, with Northern Alaska as a District.

Mr. Sulzer in his speech urged the people of Wrangell to get busy in the agitation of the dredging and opening up of Dry Straits was, certainly in good season, so everyone should get in and boost it along for the government engineers to make the preliminary survey are liable to be here any day.

Mr. and Mrs. Sulzer have engaged accommodations on the Spokane to Ketchikan.

## Remember the big base ball game next Sunday Don't Miss The Fun.

## Canadian Government Investigate Stikine

Geo. B. Hull, engineer of the Federal Government of British Columbia, with headquarters at Prince Rupert, will make a trip up the Stikine river about August 2nd. The object of Mr. Hull's visit is to look into conditions and determine what is necessary to be done to improve the stream that navigation may be less hazardous. The Canadian government is taking great interest just now in the large amount of development work now being prosecuted in the Stikine river country, and are preparing to do everything that can be done to facilitate the transportation out to deep water the minerals and other products of that section.

## Reports Good Business In Canadian City

Mr. F. C. Cullin, of Telegraph, returned on the Princess Alice, from Prince Rupert, where he had been for a few weeks on business. Mr. Cullin reports business a little quiet in that city on account of the war and so many of the young and most active men having joined the army. Yet he says the shipment of fresh and mild cured fish is on the increase having now reached 50 car loads per month. Taking it all in all the people down there believe that there is a bright and prosperous future for the city and the whole of western Canada.

The Arctic Brotherhood camp of Seward has decided to erect its building and at a recent meeting the matter was left up to the trustees to decide as to the size of the new building, the manner in which it is to be financed and the other details.

## Mariposa Hits Rock On Last Trip South

## Seattle Capitalist Is Coming

It is authenticly stated that J. E. Chilberg, the Seattle banker and capitalist, will accompany Mr. Gaevin on his visit to Wrangell and the mining property at Devils Elbow in the course of a week or ten days. It is understood that Mr. Chilberg has some financial interests in the Devils Elbow property and after seeing samples and essays of some of the ore determined to take a good look over the property.

## Hurt Knee Cap While Bailing Trap

Capt. Eckels, captain of the Shaskan cannery tender, had the misfortune to receive a severe injury from the falling of the boom while bailing fish from a trap. The knee cap of the right knee was displaced but by his own efforts in administering first aid he succeeded in putting it back in place before the parts become swollen. He was brought to town, however, and placed under the care of a physician and is getting along fine.

Get the habit, the Rink.

The Mariposa, on her south bound trip last Friday, just after leaving here struck a rock while passing Point Harrington, Clarence Strait, received slight damages but giving the passengers a little fright. At Ketchikan a diver was sent down to determine the extent of the injury which was found to be so slight that with a little temporary work and use of the pumps she could proceed on her way with safety, but will have to go on the dry dock for a few days on her arrival in Seattle.

It seems that she was on the course usually taken by vessel of her size, and the chart No. 840 shows approximately 175 fathoms but at the stage of the tide when she struck there was less than 20 feet of water, evidently a principal not discovered in the sounding when the survey was made. It is possible for such accidents to occur until the work of draining the channel is completed, which is now being actively presented by the government. This newly discovered rock is about 5-8 miles off from Point Harrington, bearing N. E. 1-2 E.

A movie company is now enroute to Sitka, Alaska, from New York city to reproduce in seven parts the stories told in "The Spell of the Yukon" by Robert Service.

## Printing Point Does Not Bob Up and Down

In an L. C. Smith & Bros. Typewriter the point on the paper which is to receive the type impression is stationary at the instant the type hits. The carriage does not bob up and down when the shift is made to write capitals.

Why?

Because the *type* is shifted—not the *carriage*.

The only movement of the carriage is back and forth on its closely adjusted ball bearing runways—and this does not take place while the print is being made. There is no lifting of the carriage.

This is one reason why L. C. Smith & Bros. type-writing is free from blurs and every letter in the right place.

Ask for Demonstration

## Clippings From Our Exchanges

Dawson is making preparation for the celebration of "Discovery Day" August 17th.

The government jail at Petersburg has been strengthened and repaired for the fall trade.

Albert Pearce, an employee of the government, was drowned at Eagle river, near Anchorage, two weeks ago.

Seven angora goats were landed at Haines on the last trip of the Humboldt and were taken to Klukwan to see if they prove a success.

The United States coast and geodetic survey drag net party report having discovered a submerged rock in Sumner strait, twenty-one feet below the surface at extreme low tide.

District Attorney Roth and Attorney T. A. Marquam, of Fairbanks, have filed charges against each other of "fixing" witnesses.

The Alaska-Juneau Mining company has started eight suits against squatters and to recover possession of the lands claimed to be part of the company's holdings.

Since the arrival of a new Overland "jitney" for the Thane-Juneau run, which will be operated by J. L. Murphy and Max Morris. Juneau now has forty motor-driven vehicles, and there are more automobiles on the way.

A man named Pond is reported to have caught ten thousand king salmon in one trap at Tyonic and has been offered \$20,000 for the site by a cannery company. The offer was turned down.

They say that a roster of the employes of the railroad commission at Anchorage reads like the roll call of a regiment of Serbian reserves. A recent letter from the new town arrests that a plain American has to beg for work enough to earn the price to get a plate of beans.

J. C. Hayes, superintendent of road construction for Southeastern Alaska has begun work on the roads in the vicinity of Juneau, and some of the papers to the south express a fear that it will end near Juneau.

The Ketchikan Miner complains that boats plying between Prince Rupert on the Canadian side to Forester Island on the American side not only buy fish but peddle Canadian groceries, upon which no customs dues have been paid, to the fishermen on the American side.

Albert Berton Peterson, 35 years old, light complexion, blue eyes, 6 feet tall, medium light hair, small finger of left hand cut off at the root of nail, came to Alaska in 1908. If you know anything about him, write to his worried mother, Mrs. Henry J. Wilcox, Harbor Springs, Michigan.

Robert W. Service, the well known Yukon writer, who left the territory three years ago, since which he served as a correspondent in the Balkan war and then to Paris and married a French girl and settled down there to write, has given up the grind of making copy and gone to the front.

C. W. Swank, auditor for the Alaska Lumber & Box company, (the Hadley sawmill), has been appointed receiver for the company, which was declared bankrupt by Judge Jennings the latter part of last week. He will attempt to make a satisfactory settlement of the accounts of the company.

Capt. R. O. Crisp, former commander of the ill fated United States revenue cutter Tahoma, who has been in charge of the coast guard exhibit at the Panama Pacific exposition, has been appointed inspector of the life-saving service of the Pacific coast division, with headquarters in San Francisco.

The Anchorage postoffice enjoys the unique distinction of being the only office in the United States, of the fourth class, which is under the rules of the civil service. It likewise does more business of certain kinds than any other office in Alaska. The cancellation averages better than \$25 per day.

**Remington**  
AUTOLOADING SHOTGUN

*Licks itself with its recoil  
Has a solid breech ITS SAFE*

This is the greatest game gun in the world. Old hunters write us that it is hard hitting, quick in action and safe. The city sportsman, who shoots only occasionally prefers it, because of its light recoil. The Kick reloads it and you have 5 shots at your command. Five shots, solid breech, hammerless.

Write for descriptive folder and Game Laws of U. S. and Canada.

## DIRECTORY

### TOWN OFFICIALS.

Mayor J. G. Grant  
Clerk Paul F. Stanhope  
Treasurer F. Matheson

### U. S. OFFICIALS.

Commissioner Wm. G. Thomas  
Deputy Marshal H. Wallace  
Col. Customs F. E. Bronson  
Asst. Fish & Game W'd'n F. H. Gray  
Postmaster J. E. Worden

For professional and tradespeople see advertising columns.

Be sure and don't miss that big ball game next Sunday afternoon.

Chas. Nelson was a passenger on the Jefferson for a business trip to Juneau.

The little baby of Mr. and Mrs. N. M. Tate was on the sick list for a few days this week.

Robert J. Pratoitch, of Klawock was in town on a business trip the first of the week.

Miss Workman, a popular young lady of Victoria, was a passenger up the river on the Winifred, for a few weeks visit with Mrs. Hilard, of Telegraph.

Mrs. John W. Stedman was an arrival on the S. S. Northwestern last Saturday morning and is now an established and welcome resident of Wrangell.

Clyde Calhoun, Deputy U. S. Marshal of Craig, came in on the Uncle Dan Wednesday bringing Mrs. Geo. C. Card who was adjudged insane by a jury in U. S. Commissioners court at that place.

The Princess Alice discharged seventeen tons of freight at this point for Mr. Foster, of Telegraph. Mr. Foster is still below but will be up on the next British boat with a still larger shipment of merchandise.

Mrs. H. M. Koebler, of Bellingham Washington, who has been visiting her sister, Mrs. P. C. McCormack, for the past few weeks will return to her home on an early boat, after a very pleasant and enjoyable visit to this city.

Mr. W. F. Hale, superintendent of the Klawock cannery, accompanied by his wife was Wrangell visitors Monday. Mrs. Hale is on her way to her home in Calif., after enjoying a couple of months of the beautiful Alaska climate.

Mr. Weigle, the head of the Forest Service in this part of Alaska, was a passenger north on the Spokane Saturday. Mr. Weigle goes to Juneau to testify in a suit pending in the District Court between Neil McDonald and the Worthen Lumber Co., of Juneau.

Mr. and Mrs. Armstrong came in from Burnett Inlet last Thursday to bring their little baby in for medical treatment as it was suffering from a touch of Cholera Infantum. The baby was placed under the care of Dr. Shurick and by Tuesday was pronounced well and they returned to their home.

George Storch returned on Saturday from his round trip to Sitka and other northern ports. George reports a pleasant trip and while in Sitka had an enjoyable visit with the Wrangell delegation at the Pioneers Home, all of whom seemed to be getting along fine and well satisfied with their surroundings and treatment in the ancient Alaska capitol.

A good show at the Wrangell Photoshow tonight.

Miss Kate Pritchett, one of our popular school teachers, returned on a late boat this week, after spending the past two months in the states.

Mr. Jack Lindsey, of Klawock, sent in to his old friend Harry Wallace, for a mowing machine, as he has a large crop of clover to harvest, but the best Mr. Wallace could do was to send his out a back-breaking sythe.

Fred Purinton, temporary of Kake, spent Sunday and Monday in town with his family and, incidentally participating in the ball game Sunday, giving his voice, experience and high speed qualities in aid of the Petersburg team.

Rev. W. J. Getty, from Port Townsend, arrived here the latter part of the week. Mr. Getty comes here to take charge of the Episcopal church in the place of the Rev. H. P. Corser for a few weeks when he will return to his home on the sound.

Mr. and Mrs. I. C. Bjorge of Wrangell, arrived in Juneau within the last week and will make their future home here. Mrs. Bjorge is the daughter of Mr. and Mrs. Martin George of this city. They arrived in the launch Helen, owned by Richard Hofstad of Wrangell. Mr. Hofstad will remain in Juneau with his boat and will engage in a general boating business. Dispatch

### Returning Shriners On Princess Alice

The Princess Alice arrived in port about 4 o'clock a. m. Tuesday with a large list of passengers, mostly round trippers, 195 all told. Among the passengers were a number of Shriners a prominence who have been attending the annual convention in Seattle. The recently elected Imperial Potentate J. Putman Stevens, of Maine, being among the number, but on account of the earliness of the hour of the arrival of the Princess, the local Shriners did not have the opportunity of meeting their Imperial Potentate, but will probably have that privilege on his return voyage.

### Fresh Fish At Seattle Last Month

During the month of June 515,095 pounds of fresh salmon were received at Seattle from Alaska ports, while 4,100 pounds of fresh trout were received during the same period. The shipping of fresh salmon and trout from Alaska is becoming a large business. The industry began in 1905 and for a number of years was carried on during the spring months alone, but during the last two years shipments have been made during nearly every month in the year. —Pacific Fisherman.

### Large Pay Roll At Juneau

The Gastineau company paid labor bills amounting to close to \$200,000 Saturday. The Alaska Juneau company labor bills, amounting to close to \$50,000, will be paid off Friday of this week. On Friday next the Treanwell company will pay labor bills close to \$165,000, the smallest in months owing to the breakdown which laid off many men for over ten days during the latter part of June. Dispatch.

### Alfred Brooks Passes Through

A. H. Brooks, who has had more to do with the geological investigation and survey in Alaska than any other one individual and stands first as authority on matters geologically in the Territory, was a passenger north on the Jefferson last Monday, enroute to Valdez. Mr. Brooks is very optimistic as to the future of Southeastern Alaska, and asserts that the next few years will see wonderful development of the mining industry in this section. He is also very enthusiastic as to the possibilities of the oil fields to the westward.

### Pension Forms Are All Ready

Clerk of the Court Arthur Lang has received from the Governor's office the blank application forms for indigent Alaskans who apply for the pension from the territorial funds. The last legislature passed a bill allowing up to \$12.50 a month to aged Alaskans who apply for assistance. The pension is planned to care for Alaskans who are in need but who are partly able to aid themselves and need not go to the Pioneers' Home at Sitka.

### Many Trials to get to Alaska

Determined to get into Anchorage with the big rush, a woman garbed in men's khaki was yesterday found in the steerage of the Mariposa, which docked at 7 p. m. Mrs. Rose Johnson of Valdez, is the woman's name and she is well known in various parts of Alaska, having considerable interests and claims but none of which are now productive. She found it necessary to get back and not being supplied with the necessary funds she donned men's clothing and successfully eluded discovery, remaining in retirement as far as possible. Her identity was discovered by accident yesterday by one of the stewards.

As soon as the facts leaked out the woman was placed in the care of Mrs. Westen, the stewardess, and was given the care and courtesy most needed while Chief Steward Taylor and his staff very thoughtfully and with the true Alaska spirit, started a subscription with the result that by night Purser Harris was handed a tidy sum for the adventurous woman to help her in getting settled or continuing her journey for Anchorage. Gateway.

### Have You Lost Or Found Any

LOST—Crescent shaped brooch, nuggets and old ivory, last Monday evening about the Rink. Reward if returned to Miss Elenora Lynch.

Found—Small stick pin. Owner can have same by proving property and paying for this add. at the Sentinel Office.

Found—Bunch of keys. Call at Sentinel Office.

Found—Lens from a telescope or camera. Owner prove property and pay for this add. at Sentinel Office.

Throw a PEBBLE into a Pool and see what a circle it makes. Throw an ADVERTISEMENT in this paper and you will also be surprised at the result.

### Got Suspicious Of Can Openers

PHOENIX.—A big haul of smuggled whisky was made by the authorities here yesterday when a consignment of supposed canned tomatos was seized and opened. The suspicion of the officials had been aroused by the extraordinary demand for can openers that made itself felt soon after the prohibition act went into effect and they began investigating with most successful results.

Monroe, Ia.—Fred Whitehead, president of the bank in this city and 80 years of age, has startled and shocked the community here by eloping with Mrs. Susie Carter 70 years of age, and also of this city, and their friends are unable to locate them.
